Mac · PC

WHAT TEACHERS SAY

"After four years teaching MP1, this is now one of my favorite classes and one of the most popular courses at our high school."

Ben Baldwin, Band Director · Holly High School

8-UNIT CURRICULUM

- Sounds**
Categorizing sounds and learning the Soundtrap interface.
- Layers**
Combining high, mid, and low sounds into larger pieces.
- Sounds on a Grid**
Placing sounds on a grid to create patterns.
- Fundamentals of Rhythm**
Writing rhythms with subdivisions and syncopation.
- Fundamentals of Harmony**
Building scales, chords, and melodic parts.
- Song Structure**
Arranging music into sections and experimenting with form.
- Recording**
Capturing instruments, voices, and found sounds.
- Mixing**
Using volume and effects to balance and blend layers.
